DYPUSA MEDIA STATEMENT ON SIGNING OF THE NATIONAL HEALTH INSURANCE BILL BY PRESIDENT RAMAPHOSA

To: Media Houses
From: Dynamic People's Union of South Africa
Date: 15 May 2024

The Dynamic People's Union of South Africa (DYPUSA) welcomes the signing of the National Health Insurance Bill as approved by the law makers and put into law upon the signature by the President of the Republic of South Africa, Mr. Cyril Ramaphosa.

DYPUSA calls upon our members to support the good cause and the benefits associated with the objectives of the NHI which aims to provide universal access to quality health care for all South African citizens regardless of their socio-economic statuses.

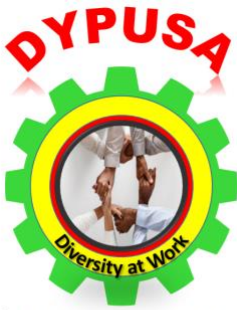

As trade unions we are the first to call for the reforms of the health sector as we have witnessed monopoly of expensive medical aids, depleting the coffers of our members, therefore this will be a relief to the poor workers.

Our members will have access to essential health care services including hospitals, private primary health care, and participate without having to go into deep in their pockets.

The current health care system prevented our members to receive proper health services.
